# NIPPON PAINT FLOORING SOLUTIONS OVERVIEW

At Nippon Paint, we are constantly expanding our solutions into all sectors. As the Total Coating & Construction Solutions provider, we understand that every floor has differing needs and challenges unique to their respective projects and as a result, we pride ourselves in our ability to provide comprehensive solutions tailored to your business.

Our partnership begins with a thorough consultation and assessment of your project needs – impact resistance, wear resistance, chemical resistance, special feature, aesthetic needs, quick and efficient installation. With our products, we can customize to meet your technical requirement.

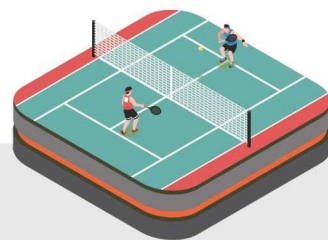

## FLOORSHIELD INDUSTRIAL FLOORING

Multi-purpose floor coating ranging from water-based, solvent-free epoxy, solvent-based polyurethane (PU), self levelling & PU cementitious offering excellent chemical, mechanical and abrasion resistance.

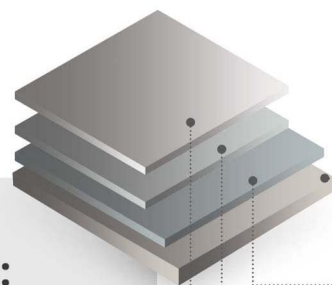

## CAR PARK DECK SYSTEM CAR PARK FLOORING

Specially designed floor coating system for all your multi-storey car parks from basement to exposed areas.

## FLOORSPORTS SPORTS COURT FLOORING

International Tennis Federation (ITF) certified floor coating system offering anti-slip or shock absorbance mastic properties for your sports court needs.

## STANDARD SYSTEM:

The conventional flooring system for both interior and exterior situations providing properties such as: Self-levelling, chemical resistance and UV resistance.

*All standard systems have smooth finishing only*

0 PREPARED & TREATED SURFACE

1 PRIMER (1 LAYER)

2 INTERMEDIATE COAT

3 TOPCOAT (1 - 2 LAYERS)

With our customizable flooring systems, our flooring systems can accommodate various situations based on your needs just by changing the intermediate coat.

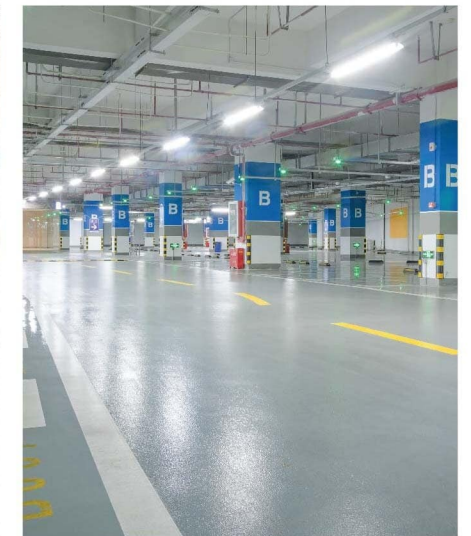

## WATERPROOFING SYSTEMS

Waterproofing systems are suitable for exposed areas to help prevent cracks on the surface while providing waterproofing protection.

## MOISTURE BARRIER SYSTEMS

For basement and/or direct ground contact where the moisture content is more than 4%, we provide epoxy mortar systems that acts as a **Moisture Barrier**.

## ANTI-SKID FLOORING SYSTEMS

Our coating systems can also be imparted with anti-skid properties with the **Orange Peel System** or **Broadcast Sand System** for Light-Duty and Medium-Duty.
